

STOCK 25

Thank you for your interest in Cibes Lift Group products. It is our hope that this graphical catalog showcasing your customized Voyager V80 assists you in your decision process. Due to limitations of technology and this being an new system, we note that computerized renderings have limitations for exact color, texture and dimensional tolerances and that slight deviations may be present. The renderings do not include all the details of our lift and are for reference only. Refer to our experienced staff for final details. We will constantly update this system to improve and appreciate your inquiry.
